

Community Input Wanted!

West Fork Carson River Prioritization Project Community Meeting

Speaker:

Daniel Malmon
Waterways Consulting

**Free &
Open to
the Public**

**Tuesday
January 20**

5:30 PM - 7:00 PM

at Turtle Rock Park
Community Center
17300 State Route 89
Markleeville, CA 96120

Please join us to hear about the assessment results of the West Fork Carson River watershed in California. We will learn about the sediment sources and discuss the in-stream projects that have been identified and prioritized that could improve water quality, fish habitat, meadow health, and stream function. Our discussion will inform the draft findings report.

If you cannot attend in person, email alpinewatershed@gmail.com to receive a Zoom link.

Funding for this project has been provided in full or in part by the United States Environmental Protection Agency and the State Water Resources Control Board under the Federal Water Quality Management Planning Program (Clean Water Act Section 205[j]).

The contents of this document do not necessarily reflect the views and policies of the foregoing, nor does mention of trade names or commercial products constitute endorsement or recommendation for use.

Thank you to the Carson Water Subconservancy District for providing the required 25% match.
